

Bachelor

School of Business Export-Oriented Management

Internships pave the way for our students' future jobs

AIMS OF OUR PROGRAMME

Our goal is to ensure the EMPLOYABILITY, the professional success of our graduates. That in our understanding competence and know-how in the field of export must not be limited to one economic area, the aim of the programme Export-Oriented Management is to provide the students with a broad understanding of all relevant business processes in the field of international management and business and a comprehensive training in the management of international projects. The Bachelor programme has an explicit language focus. This enables all our alumni to act within a multi-cultural and global environment in a trans-sectoral manner and gives them a real advantage in the job market over other graduates of similar programmes.

We have more than 10 years of experience in running our programmes; experience that we have used to continuously improve our programmes and to provide our graduates with a set of skills optimised for starting their careers in business or continuing their studies in a Master's programme.

OUR WORLDWIDE BUSINESS PARTNERS

The programme co-operates with more than 700 companies in 80 countries worldwide. Here is an excerpt: Airbus, American Chamber of Commerce, Andritz, Audi, Australian Aerospace, Austrian Airlines, Austrian Trade Commissions, BASF, Beiersdorf, BMW Group, Böhler Uddeholm, Börse Frankfurt, Bosch, Christ Water Technology, Coca Cola, Daimler, Deutsche Bank, Eurobrand Forum, Gebrüder Weiss Logistik, Georg Fischer, Harrods, Henkel, Honda, Isovolta, Kreditanstalt für Wiederaufbau (KfW), Kuehne und Nagel, L'Oréal, Magna International, Mayr-Melnhof, Microsoft, Mondi, Nycomed Pharmaceuticals, Oesterreichische Kontrollbank, Porsche, PricewaterhouseCoopers, Quehenberger, Raiffeisen Landesbanken, Raiffeisen Zentralbank, Red Bull, Repräsentanzbüro NÖ + Wien in Brüssel, Royal Bank of Scotland, SanLucar Fruit, Schenker, Schlumberger, Siemens, STRABAG, Swarovski, Trodat, Umdasch, Unicredit Group, UN Offices, Verbund, Vienna Insurance Group, Voith Siemens, Zürich Financial Services

By means of these co-operations students can join research and consulting projects and thus gain additional professional experience and establish valuable networks. While still studying students frequently receive job offers prior to their graduation from companies they worked for during their internship. At the IMC-recruiting fair "Career Links", which takes place every year, companies canvass graduates. After completion of their studies graduates can avail themselves of their own job platform as well as of the IMC Alumni Network. **http://alumni.fh-krems.ac.at**.

Emphasis on intercultural awareness and understanding

EXPORT-ORIENTED MANAGEMENT - PROGRAMME OVERVIEW

- **Special feature:** Profound international management know-how and a profile developed through 3 specialisations ("chairs") combined with intercultural communication and a focus on languages.

* Blended learning is understood as self-directed learning supported by ICT (Information Communication Technology).

Sound knowledge for export activities

CORE MODULES - EXPORT-ORIENTED MANAGEMENT

PROFESSIONAL COMPETENCE

BUSINESS BASICS

General business administration know-how and knowledge of legal conditions for export activities.

SPECIALISATION AREAS ("CHAIRS")

International Management and Business

Expertise in specific business administration of foreign trade and its particularities for the export industry (foreign trade techniques, financial accounting and cost accounting, marketing, export marketing and market research, internationalisation strategies.)

Human Resource and Intercultural Management

Competences in the design of efficient company structures and processes, in international project management and in the area of (intercultural) human resource management

International Law and Global Political Studies

Knowledge with regards to legal interpretation, political backgrounds, bi- and multilateral relationships and international organisations

INTERDISCIPLINARY MODULES

The degree programme is enhanced by the following comprehensive seminars:

Personality Training

Physical and psychological fitness as success factors, modern learning techniques, rhetoric skills and team building, personal success strategies, negotiation and presentation techniques.

Applied Computer Technologies

Major software applications relevant in international business, e.g. MS Office, project management tools, databases, SAP R/3, etc.

Research & Academic Writing

Introduction to scientific working including statistics, academic writing and research methods with a special focus on international business.

LANGUAGES

In addition to English, which is the language of instruction, two more languages are obligatory. Students may choose languages from a pool of French, Spanish, Russian, Arabic and Chinese.

TRAINING ON THE JOB

Internship

The internship is an integral part of the Bachelor programme. The curriculum provides for one practical training semester abroad of 22 weeks which takes place in the 4th semester. The practical training semester aims at applying and deepening the knowledge acquired. This field experience allows students to gain an insight in company structures and processes and provides them with guidance towards future job decisions. Social skills and competencies for our students

CAREER PROSPECTS OF OUR STUDENTS

CAREER PROSPECTS

Our students and alumni are the ambassadors of our success. Due to the scope of the programme, acquired skills can be applied in a large variety of sectors and industries, and due to 10 years of experience and our extensive network of contacts we have opened up one or the other door, and today we find many of our graduates in:

- Consumer Goods Industry
- Industrial Markets
- Financial services / Banks / Insurance Companies / Brokerage
- Knowledge Management and Information Technology
- International Trade and Countertrade
- Services Industries and Consulting
- Public Authorities
- International Organisations including NGOs and NPOs

With regard to placements the following **fields of activity** can be identified (list not exhaustive):

- Marketing / Communications
- Key Account Management / Sales
- International Financing / Banking / Insurance
- Human Resource / Development
- Purchase / Procurement / Supply Chain Management
- Brand Management
- Finance and Controlling
- Project and Process Management
- Market Intelligence / Research
- Consulting / Advisory Service

According to research among our alumni, our graduates typically start their careers at the operative level of management.

RESEARCH ACTIVITIES

Together with our students we carry out applied research projects and work-on-demand consultancy in the fields of international marketing and foreign trade, intercultural management, international law and political relations. We provide feasibility and market analysis, analyse processes, develop strategies and monitor the implementation of change. We publish and co-publish with our students, and we encourage them to participate in conferences and competitions.
